

Chemical Policy

Seco Tools shall actively contribute to create a toxic free environment. We shall strive to reduce our usage of chemicals necessary for development, manufacturing and distribution of metal cutting solutions to minimize impacts on health and safety. All chemical handling shall be conducted in a manner that protects the environment and the health and safety of our employees.

This shall be achieved by

- ¿ Use of best possible chemical alternative to minimize negative impact on people, environment and products.
- ¿ Considering the effect on our environment and the health and safety of our employees and customers when purchasing products and equipment
- ¿ Traceable handling of chemical usage from design to waste management.
- ¿ Registration of all chemicals used in the group
- ¿ Safe storage of all chemicals
- ¿ Comprehensive labelling and identification of chemicals and full access to Safety Data
- ¿ Adequate training of personnel for using chemicals
- ¿ Using personal protective equipment when necessary
- ¿ Staff monitoring/medical checkup for legal compliance Sustainable growth
